Napolitan News Service Survey
of 3,000 Registered Voters
Conducted June 2-12, 2025

Methodology

This survey of 3,000 Registered Voters was conducted online by Scott Rasmussen on June 2-12, 2025. Field work for the survey was conducted by RMG Research, Inc. Certain quotas were applied, and the sample was lightly weighted by geography, gender, age, race, education, internet usage, and political party to reasonably reflect the nation's population of Registered Voters. Other variables were reviewed to ensure that the final sample is representative of that population.

The margin of sampling error for the full sample is +/- 1.8 percentage points.

This survey was paid for by Napolitan News Service as part of the service provided for our Gold Circle Members.
