

**Napolitan News Service Survey**  
of 1,000 Registered Voters  
Conducted August 4-5, 2025

*1\* Is it appropriate for the United Nations to impose global taxes for all countries? Or, should each country establish its own taxes?*

- 28% It is appropriate for the United Nations to impose taxes for all countries
- 56% Each country should establish its own taxes
- 16% Not sure

*2\* Suppose the United Nations does impose a global tax on emissions, but the agreement is not signed by the President or ratified by the U.S. Senate. Should the United States be legally bound to impose that tax? Or, should U.S. taxes be established only by the United States government?*

- 26% The United States should be legally bound to impose the tax
- 57% U.S. taxes should be established only by the United States government
- 17% Not sure

**Methodology**

This survey of 1,000 Registered Voters was conducted online by Scott Rasmussen on August 4-5, 2025. Field work for the survey was conducted by RMG Research, Inc. Certain quotas were applied, and the sample was lightly weighted by geography, gender, age, race, education, internet usage, and political party to reasonably reflect the nation's population of Registered Voters. Other variables were reviewed to ensure that the final sample is representative of that population.

The margin of sampling error for the full sample is +/- 3.1 percentage points.

This survey was paid for by Napolitan News Service as part of the service provided for our Gold Circle Members.
