*2\* Generally speaking, are Americans unwilling to do IT and computer-related jobs?*

|     |          |
|-----|----------|
| 16% | Yes      |
| 71% | No       |
| 14% | Not sure |

*3\* H-1B visas are designed for foreign workers in specialist occupations. Do U.S. companies mostly use H-1B visas to bring in foreign workers because they can't find enough American workers to do these jobs?*

|     |          |
|-----|----------|
| 36% | Yes      |
| 34% | No       |
| 31% | Not sure |

*4\* Do U.S. companies mostly use H-1B visas to bring in foreign workers because they are willing to work for less than American workers?*

|     |          |
|-----|----------|
| 54% | Yes      |
| 23% | No       |
| 23% | Not sure |

*5\* Overall, who benefits most from H-1B workers?*

|     |                                |
|-----|--------------------------------|
| 41% | U.S. employers                 |
| 28% | The foreign workers themselves |
| 21% | All Americans                  |
| 10% | Not sure                       |

**Methodology**

This survey of 1,000 Registered Voters was conducted online by Scott Rasmussen on October 22, 2025. Field work for the survey was conducted by RMG Research, Inc. Certain quotas were applied, and the sample was lightly weighted by geography, gender, age, race, education, internet usage, and political party to reasonably reflect the nation's population of Registered Voters. Other variables were reviewed to ensure that the final sample is representative of that population.

The margin of sampling error for the full sample is +/- 3.1 percentage points.

This survey was paid for by Napolitan News Service as part of the service provided for our Gold Circle Members.
