- 36% Strongly disapprove
- 15% Not sure

Napolitan News Service Survey
of 1,000 Registered Voters
Conducted January 26, 2026

3 A proposal has been made that will give the U.S. control over some mineral rights in Greenland and increase the U.S. military presence in that country. The proposal would also block Russia and China from obtaining rights to mine rare-earth minerals in Greenland. Would you favor or oppose this proposal?*

| | |
|-----|-----------------|
| 24% | Strongly favor |
| 31% | Somewhat favor |
| 11% | Somewhat oppose |
| 16% | Strongly oppose |
| 18% | Not sure |

4 How important is it for the United States to complete an agreement that prevents Russia and China from gaining access to Greenland?*

| | |
|-----|----------------------|
| 29% | Very important |
| 29% | Somewhat important |
| 13% | Not very important |
| 10% | Not at all important |
| 18% | Not sure |

Methodology

This survey of 1,000 Registered Voters was conducted online by Scott Rasmussen on January 26, 2026. Field work for the survey was conducted by RMG Research, Inc. Certain quotas were applied, and the sample was lightly weighted by geography, gender, age, race, education, internet usage, and political party to reasonably reflect the nation's population of Registered Voters. Other variables were reviewed to ensure that the final sample is representative of that population.

The margin of sampling error for the full sample is +/- 3.1 percentage points.

This survey was paid for by Napolitan News Service as part of the service provided for our Gold Circle Members.
