Napolitan News Service Survey
Of 1,000 Registered Voters
Conducted March 9-10, 2026

2 Some farmers hire seasonal foreign workers, who come to the United States under a temporary labor program and then return to their home countries. Do you favor or oppose allowing farmers to hire such temporary foreign workers in order to keep farms in business and reduce food prices?*

41%	Strongly favor
35%	Somewhat favor
11%	Somewhat oppose
4%	Strongly oppose
9%	Not sure

3 Before being allowed to use this temporary labor program, farmers are required to attempt to hire domestic workers. They can only hire foreign workers to fill jobs not filled by Americans. Knowing this to be true, do you favor or oppose allowing farmers to hire these temporary foreign workers?*

35%	Strongly favor
35%	Somewhat favor
10%	Somewhat oppose
6%	Strongly oppose
14%	Not sure

4 These foreign workers can only stay in the United States as long as they have a temporary labor certificate from the government, and the longest they can stay is three years. Knowing this to be true, do you favor or oppose allowing farmers to hire these temporary foreign workers?*

36%	Strongly favor
37%	Somewhat favor
10%	Somewhat oppose
6%	Strongly oppose
11%	Not sure

5 Currently, dairy farmers cannot hire these foreign workers to milk cows - even if no American workers are available - because these are year-round, rather than seasonal, jobs. Do you favor or oppose extending this temporary program to include dairy farms?*

29%	Strongly favor
27%	Somewhat favor
19%	Somewhat oppose
10%	Strongly oppose
15%	Not sure

6 A proposal has been made to extend this temporary worker program to include agricultural processing that occurs off-farm. Do you favor or oppose extending the program to include these sorts of agricultural, non-farm jobs?*

28%	Strongly favor
36%	Somewhat favor
14%	Somewhat oppose
7%	Strongly oppose
15%	Not sure

Methodology

This survey of 1,000 Registered Voters was conducted online by Scott Rasmussen on March 9-10, 2026. Field work for the survey was conducted by RMG Research, Inc. Certain quotas were applied, and the sample was lightly weighted by geography, gender, age, race, education, internet usage, and political party to reasonably reflect the nation's population of Registered Voters. Other variables were reviewed to ensure that the final sample is representative of that population.

The margin of sampling error for the full sample is +/- 3.1 percentage points.

This survey was paid for by Napolitan News Service as part of the service provided for our Gold Circle Members.
