Conducted May 4-5, 2026

10 If you could choose between giving money to the government in taxes to support social programs or giving that money directly to non-profit organizations meeting similar needs, which would you prefer to support?*

22%	The government
61%	Non-profit organizations
17%	Not sure

Methodology

This survey of 1,000 Registered Voters was conducted online by Scott Rasmussen on May 4-5, 2026. Field work for the survey was conducted by RMG Research, Inc. Certain quotas were applied, and the sample was lightly weighted by geography, gender, age, race, education, internet usage, and political party to reasonably reflect the nation's population of Registered Voters. Other variables were reviewed to ensure that the final sample is representative of that population.

The margin of sampling error for the full sample is +/- 3.1 percentage points.

This survey was paid for by Napolitan News Service as part of the service provided for our Gold Circle Members.
